REFERENCE

Habakkuk 2:1
PARAPHRASE

A watchful prayer can wait for understanding
without forcing an answer or ignoring a
present need.

CONTEXT

Scene: Lookout hill, open doorway, moon, and
lantern create a patient waiting image.

Context: Habakkuk describes a prophet
standing watch and listening for a word amid
public injustice.

REFLECTION

Offer a short pause, a read-aloud, or a
moving and drawing route. Waiting in
prayer never replaces seeking help for
an urgent concern.

PROMPT

What would help you wait for wisdom
while still receiving support now?

IMAGE DESCRIPTION

A lantern by an open doorway on a lookout hill
under the moon.
